

SECRET/NOFORN - HANDLE VIA SKEET CHANNELS ONLY

PROJECT SUN STREAK (U)

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

PROJECT NUMBER: 0059

SESSION NUMBER: 1

DATE OF SESSION: 21 JUN 88

DATE OF REPORT: 21 JUN 88

START: 0852

END: 1005

METHODOLOGY: CRV

VIEWER IDENTIFIER: 025

1. (S/NF/SK) MISSION: Stage 3 training; site was Solar Power Site.
2. (S/NF/SK) VIEWER TASKING: Coordinates 3452/1164. Movement exercises above the site, and to the top of the perceived (center) structure.
3. (S/NF/SK) COMMENTS: 025's attention in Stage 3 was fixed to the center tower, and did an excellent job in exploring it dimensionally. In order to enable perception of the whole site, a movement was directed to points above this tower. The resulting ideograms (for the mountains and the circular, flat site proper) were decoded incorrectly--025 had not yet acquired this kind of CRV distance perspective. This mistake was used as a Stage 3 learning point.
4. (S/NF/SK) EVALUATION: [3]
